Kris,
We have data for those rows in the attached spreadsheet in which the entry
in column B are black. The states are listed in order of utilization of
relevant Abbott NDCs over the period 1991-2001. I don't expect we'll receive
data from additional states in time to produce it to Abbott.

We will be producing the CMS SMRF/MAX data, which covers all states (except
perhaps Arizona) in recent years. To the extent Professor Duggan uses that
data, it probably makes sense to prioritize methodologies in the order the
states are listed.

Kris,
I'm out of the office until Monday. If I have a copy of the list on my
laptop, I'll email it to you this pm.

Ian,

In yesterday's call, it was mentioned that we have Medicaid claims data for
about 15 states. Can you send me a listing of states that we have data for
or expect to receive in time to utilize in the Abbott case?

Thanks,
Kris
